[sales@ppt-hose-tech.com](mailto:sales@ppt-hose-tech.com)

**Fittings/Tubing**

Black Iron fittings  
 Brass fittings, valves, copper tubing  
 Bulk banding (carbon, stainless)  
 High pressure swivel joints  
 Hydraulic tubing (carbon, stainless steel)

Industrial Hose Couplings  
 Metric conversion adapters  
 Metric fittings, tubing and tools  
 Pipe fittings

Quick disconnects-hydraulic, pneumatic, steam  
 Stainless full flow food & beverage fittings  
 Tube fittings (carbon, stainless steel)  
 Worm gear clamps

**Hydraulic Hose**

Rubber

Teflon

Thermoplastic

**Industrial Hose**

Acid & Chemical-Composite and Rubber  
 Air and general purpose  
 Anhydrous ammonia  
 Concrete pump  
 Ducting-plastic, rubber  
 Fire hose (single/double)  
 Food handling (3/4" to 5")

Food processing (internal expanded  
 sanitary assemblies) FDA, USDA, 3A  
 Materials handling (sandblast, etc.)  
 Metal hose  
 Mining  
 Oilfield - Rotary/Vibrator  
 Petroleum-Composite and Rubber

Plaster & Grout  
 Silicone (sanitary)  
 Steam  
 Teflon (corrugated/smooth), stainless couplings  
 Thermoplastic-FDA, USDA approved  
 Water  
 Welding/Fabrication

**Miscellaneous**

Air line filters  
 Air pressure regulators  
 Air line lubricators  
 Automotive AC assemblies (R12, R134a)  
 Ball valves

Band-It Ultra Lock clamping system  
 Blow guns  
 Lubrication equipment/Alemite  
 Flexible metal hose & connectors  
 Gauges-All styles

Hose reels-automatic, aviation, electrical  
 food processing, industrial  
 Power Steering Assemblies  
 Quick opening gate valves (2"-4")  
 Oilfield Fittings and Valves

**1/4" to 10" PERMANENT HOSE COUPLING CAPABILITY**

2", 3", 4" and 6" Chemical and Petroleum Hose assemblies with permanent crimped Dixon "Boss-Lock" Cam and Groove Couplings

Hose Assemblies can be hydrostatically tested to 35,000 PSI.
